

“ROBOADHEYAN” A Robotic Club at GHRAET

G H Raison academy of engineering and technology has install a robotic club “ROBOADHEYAN” student has demonstrate creativity by establish a working lab in the college premises with the same name “ROBOADHEYAN LAB”.

ROBOADHEYAN is a robotic club form by the student and for the student, the ideology of this club based on interactive learning, knowledge sharing and social and industrial problem solving with robotic technology. Through ROBOADHYEYAN student organize different technical events and interactive learning session for students,

Every year student of GHRAET organize “ROBO MEET” and technical fest in which students from GH Raison and renound colleges take part and demonstrate their work and dedication in the field of Robotics by demonstrating different bots (i.e Football playing Robot, Industrial task doing robot, etc.), flying of surveillance robot catches the eyes of student in campus at same time a guest lecture on robotics is also organize.

The initiative is appreciated by Honorable Chairman Mr. Sunil Raison. The principle Dr. Vivek kapur congratulate the student and encourage them by showing confidence in student’s activity and providing full support, The Roboadhyeyan club is coordinated by faculty member Mr. Mohsin I.A.R. Sheikh, Asst. Professor, Mechanical Engg, GHRAET, Nagpur.
